# The State of New York

By: Amaya Milligan

I chose this destination because New York is one of many States I want to visit in life. In addition, why I chose New York was because of the cities I also want to visit while there like New Jersey, Brooklyn, Bronx, and Harlem. There is also a lot of history in the State of New York and I really want to go there and experience them in my own eyes instead of the Internet or Social Media.
