COMPUTERS WILL EVENTUALLY BE MAKING
MORE COMPUTERS

HOW LONG BEFORE THEY REPLACE
US

HOW LONG BEFORE THE END OF HUMANITY AS
WE KNOW IT?

THE FALL OF MAN...

NOT WITH A WEAPON,

BUT WITH AN IDEA

SAY NO TO AI!

This is your future with AI.
The Algorithm that is supposed
to be trained by us, instead trains us to follow them.
If we don't stop it now it will be to late.

The computers will rule us all or...

WORST

SAY NO TO AI!

Are you bad at opening conversations?

Let AI Help!

WHAT CAN AI DO FOR YOU?

Is this the **world** you **want**?

A world where **children** lose **opportunities** to **AI**

Where anyone can **make** art with the push of a **button**?

Are **you** willing to take away the **creativity** and **hope** from our **children**?

Is

HOPELESSNESS

And

DESPAIR

Our

FUTURE?

SAY NO TO AI!

Let AI help you get your thoughts out
